

## All-in-One DC Inverter Water Heater

# KRS80-200V 200 L

| Key data         |                           |
|------------------|---------------------------|
| Rated capacity   | 200 L                     |
| Power supply     | 220V 1N~50Hz              |
| Refrigerant      | R32 / R410A               |
| Max. current     | 5.75 A                    |
| Sound power      | 52 dB(A)                  |
| Outlet temp.     | 60°C °C                   |
| Net weight       | 65 kg                     |
| Water connection | G 3/4" Female Thread inch |

| General specifications     |                           |
|----------------------------|---------------------------|
| Volume                     | 200 L                     |
| Power Supply               | 220V 1N~50Hz              |
| Operating Temp. Range      | -15~43°C °C               |
| Hot Water Output           | 80 L/h                    |
| Rated Heating Capacity     | 3.7 kW                    |
| Rated Input Power          | 0.93 kW                   |
| COP                        | 4.0                       |
| Max. Operating Current     | 5.75 A                    |
| Refrigerant                | R32 / R410A               |
| Max. Outlet Water Temp.    | 60°C °C                   |
| Condenser Type             | High Efficient tank       |
| Water Connection           | G 3/4" Female Thread inch |
| Sound Pressure Level (1 m) | 52 dB(A)                  |
| Ingress Protection         | IPX4                      |
| Product Size (L×W×H)       | Ø470×1630 mm              |
| Package Size (L×W×H)       | 640×640×1770 mm           |
| Net Weight (N.W)           | 65 kg                     |
| Gross Weight (G.W)         | 78 kg                     |
